Executive Summary
        8/10/20 GOVERNOR: There was no press conference today, however Governor DeWine's spokesperson did address the recent unemployment compensation order that President Trump signed. The order provides states with the ability to give unemployment claimants and additional $300 that is federally funded, and the states have the option to provide an additional $100 through state funds.
        According to the spokesperson, Ohio will be going forward with the $300/claimant option since it is quicker to implement. Option two would require General Assembly approval.
